

(Please return by June 16, 2005)
June 2005 - Early Action Compact Progress Report
Allendale County

1. In an effort to keep our contact information updated; please provide the following information for your county:

	Name	Telephone	E-mail Address
Administrator/Manager	Linda Sanders	803-584-4081	lssanders@allendalecounty.com
EAC contact			

2. Please complete the attached Ozone Awareness Week checklist so that we will know which activities you did to promote awareness.

3. List any progress (if applicable) since your December 2004 submittal? (stakeholder meetings, events held; special projects, fleet Changes, Energy Star products purchased, Tree City USA, TABFTE, etc.)

Have made no further progress since December due to overload of Homeland Security and management of five other grant programs.

4. Do you have any plans to implement additional strategies and/or education and outreach activities during the 2005 ozone season? (It's not too late to use Ozone Awareness Week ideas!)

No, I would like this task to be reassigned to the local DHEC district office. I really do not have the time to implement this initiative the way that it should be. The result is that it is the county residents who suffer.

5. Do you have any requests for specific assistance from the Department and/or the EPA?

Again, I would like to see this program implemented with the local agency office, so that it can be a benefit to the community.
